

2020 Cardiology Screening Clinic

Sponsored by

The New Brunswick Kennel Club

Cardiovascular wellness is very important. To promote the healthy heart, we offer a Cardiology Screening Clinic on Friday, March 20th and Saturday March 21st (approximately 9am to 5pm). This clinic uses cardiac auscultation to screen for congenital heart disease in accordance with OFA standards. It is conducted by a cardiology specialist, Philip Fox, DVM certified by the American College of Veterinary Internal Medicine, Specialty of Cardiology.

Cardiology Clinic Services:

Auscultation (cost: \$50) – Standard OFA congenital heart disease forms will be used. OFA discount coupons will be available.

Pre-registration is not required. All testing is on a walk-in basis. Please direct any questions to:

Philip Fox, DVM, DACVIM (Cardiology)
